

Kudos Range counter-top boilers

Advanced technology, a range of counter-top boilers designed for medium-to-high volume applications where a higher flow-rate is required. Styled for front-of-house location.

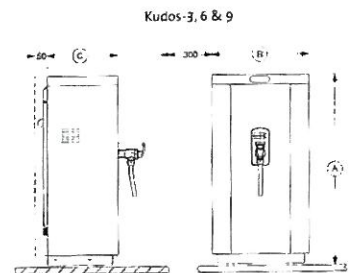

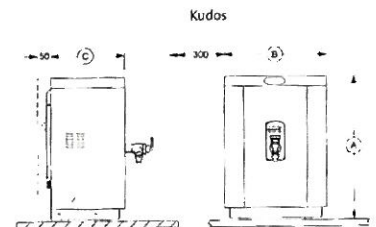

Four models: from 12 litre draw-off (40 litres per hour) to 22 litre draw-off (109 litres per hour).

* Integral scale-inhibitor technology

Rear view of Kudos showing optional back cover

- Service Indicator
- Attractive two-tone outercasing
- Optional mirror finish back cover to conceal connections
- Safety heat-shroud fitted to tap
- 1 & 2kW versions available for increased energy saving
- No steam emissions
- 13A plug fitted on 3kW version
- Simple installation

Model	Dimensions (mm)			Weight (Kg)	
	A	B	C	Dry	Working
Kudos	535	380	275	13	30
Kudos-3	745	380	275	21	48
Kudos-6	745	380	275	21	48
Kudos-9	745	380	275	21	48

Model	Order Code	kW Rating	Capacity of Boiling Water					
			Initial Draw-off Capacity			Max. Hourly Output		
			Litres	Cups (160ml)	Mugs (250ml)	Litres	Cups (160ml)	Mugs (250ml)
Kudos	KUD	3	12	75	48	40	250	160
Kudos-3	KUD-3	3	22	137	88	50	312	200
Kudos-6	KUD-6	6	22	137	88	78	487	312
Kudos-9	KUD-9	9*	22	137	88	109	681	436

*415v, 3ph supply only

All dimensions are in mm. Electrical rating based upon 240v, single phase, 50Hz supply unless otherwise stated.
